Software Engineer Intern

ABC Technologies • 2 days ago

📍 Bangalore, India

🏠 Hybrid

💰 ₹40k - ₹60k / month

✦ **AI Skill Analysis** 94% Match

"Strong match based on your skills and experience."

About the Role

Join ABC Technologies' core engineering team as a Software Engineer Intern. You'll work on building scalable microservices and enhancing our AI-driven productivity suite. This is a high-impact role with mentorship from senior architects.

Requirements

- ✔ Currently pursuing B.Tech/M.Tech in Computer Science or related field.
- ✔ Strong proficiency in React, TypeScript, and Node.js.
- ✔ Understanding of RESTful APIs and modern frontend architectures.
- ✔ Excellent problem-solving skills and a passion for building clean UI.
