Key Improvements

**Action-Oriented Verbs**

High Impact

Replaced passive descriptions with strong
action verbs like "Architected" and
"Spearheaded".

**Skill Alignment**

Critical Impact

Highlighted React and TypeScript
proficiency to match the job description
requirements.

**Quantified Achievements**

Medium Impact

Added metrics to project descriptions,
emphasizing a 15% performance
improvement.

**ATS Keyword Optimization**

High Impact

Strategically integrated keywords for
distributed systems and CI/CD pipelines.
